

Infection Control Course

Dear Dr. David Tai Surgery

Thank you for contacting Dental Nursing Australia for information regarding our Infection Control course for Friday 22nd March 2013.

Venue: Belmont Centre: 37 Hargreaves Street, Belmont WA 6104

Parking: Free parking

Length of workshop: Half day 12.30 – 4.30pm (networking - discussion)

Half day seminar includes a power point presentation, Summary document of the session, practical session, afternoon tea and certificates of attendance for those who participate. Dental Assisting, Dental Therapist/Hygienist staff, Management and Principles of the practice are welcome to attend. (4 hours towards further Dental Education - Clinical)

Information in the half day workshop will include:

- ◆ Microbiology
- ◆ Infection Control
- ◆ Sterilization techniques
- ◆ National Standards
- ◆ Universal Standards
- ◆ Policy and procedures
- ◆ Occupational Health and Safety
- ◆ Decontamination procedures
- ◆ Hand washing protocol
- ◆ Chemicals utilized

Advantages of a half day workshop

- Update on the new National Infection Control standards
- Empowering staff / yourself why standards need to be implemented
- How to find out further information in infection control
- Incorporating the standards into the day to day workings of the practice as a team.
- Practical demonstration on hand washing techniques, decontamination of the surgery, sterilization procedures and any other areas the practice feels need to be uniformed.
- Assist in creating a learning and creative culture in the Staff regarding infection control.
- Assist in developing new policies and procedures to motivate all to work towards excellence in this area.
- Enhance work ethic, team strengthening and pride in their practice
